**Subject:** HB 4362

Good Morning:

I am aware that HB 4362 is being taken up before the Tax Policy Committee today. I am asking that you support this bill. This bill would help the City of Davison recover the tax dollars we are losing from having veterans receive exemption from our property taxes. I am not against Veterans getting an exemption, I just do not feel that our City should be bearing the entire loss. As you know, municipalities in Michigan are still recovering from the devastating loss of property tax dollars from the 2008 crisis and our City alone has lost over \$2,000,000 in state shared revenues over the last 10 years.

Please help Michigan municipalities and support HB 4362!!!

Thank you for your time.

Thank you,

**Andrea L. Schroeder**
